Dear Dr. Henney

10/2 '99 SE - 12/2 '99 AUG 10 10:06
I am in favor of the FDA promptly approving claims filed for saw palmetto and the symptoms of benign prostatic hyperplasia; psyllium husk seeds and the risk of heart disease; folic acid, vitamin B6 and vitamin B12 and cardiovascular disease; and vitamin E and the risk of cardiovascular disease.

Please be supportive of this effort to get these supplements FDA approved. Thank you.

Sincerely,

Mrs. Linda Polier
